

I listen to K-LOVE every day. I am in an area that is hard to pick up much anyway, but this station has been such a blessing to me I would be so disappointed if I could no longer pick it up.
I own a gift shop and just about everyone that comes in comments on my choice of music. They LOVE my radio station and so do I.
This radio station is very positive. I do not have to worry about what my customers will hear. PLEASE don't take it away from us.
We love K-LOVE
